The respective permit applicant will be assessed a seventy (\$70) dollar inspection fee to reimburse the cost of such status inspection. In the event the permit lapses, any unexpended amounts of the permit fee shall be used to defray related costs. If a permit has lapsed, no further work shall take place until a new permit for the remaining work has been issued in accordance with the Township fee schedule. If the applicant communicates and explains the need for an extension prior to expiration one will be granted.
